

STUDENT LIFE

The Office of Student Affairs works to provide students with opportunities to expand their education beyond classrooms, laboratories, and studios. In concert with our efforts to enhance the academic mission of the College, the Student Affairs staff offers students a variety of innovative and creative programs, activities, and educational initiatives to promote personal growth, leadership, and development.

In collaboration with the academic mission of New College, the Office of Student Affairs is committed to offering students opportunities to take responsibility for their co-curricular learning. The professional staff members are educators, programmers, counselors, and facilitators.

The principal goals of Student Affairs are:

1. To work with faculty, students, and staff to incorporate co-curricular learning and involvement into the overall academic mission of the College.
2. To maintain active involvement in the lives of our students as mentors and educators.
3. To celebrate and support the diversity of our community, and the uniqueness of each individual.
4. To create opportunities for learning that promote leadership, community engagement, and citizenship.

Student Affairs Services

Student Affairs at New College aims to provide a safe intellectual, physical, and emotional space for students to engage in their studies beyond the classroom. Their goal is to complement the classroom experiences, inspire students so that they become passionate about what they learn, and develop life skills so that they can become positive members of their community. Student Affairs offers a variety of innovative and creative programs, activities, and educational initiatives to promote personal growth, leadership, and development. They work with students, staff, the community, and faculty to incorporate co-curricular learning and involvement into the overall mission of the College.

Student Affairs oversees the student union (Hamilton Center) and the Residential Life office, which manages the undergraduate residential areas and food services. The Counseling and Wellness Center offers personal counseling, health services, wellness education and disabled student assistance and is also administered by counselors who are on the Student Affairs staff. Furthermore, Enrollment Services works closely with Student Affairs to support students.
